

General description:

This 1 bedroom villa with its marble and white details offers luxurious amenities for an upscale lifestyle including the distinct Caribbean feel to it. Its absolute seclusion allows you to unwind completely. The vast ocean-facing deck has a pool, an outdoor jacuzzi and beachfront access.

Set against the soothing azure backdrop, the villa invites you to swim, sunbathe, lounge, take beach walks, dine open-air or just soak in the jacuzzi.

The villa's interior style is contemporary chic, with carefully selected details. The living room glass doors can fully open, allowing you to enjoy the gentle breeze, and although the space is bright and airy, the darkening shades in the bedroom ensure your nights will be restful.

It moreover entails an elegant walk-in closet and a uniquely designed bathroom that has an indoor and an outdoor shower.
